

HP Exstream 4.0 Support Discontinuance

In accordance with communications sent by Exstream Software prior to its acquisition by HP, this notice is to remind you that ongoing support and maintenance of Dialogue version 4.0, and any related software components, will reach end of life with the general availability release of HP Exstream 7.0. Support cases for Dialogue 4.0 submitted to HP after this event will not be processed.

HP is committed to the success of your business and as such, strongly recommends that you immediately consider upgrading your Exstream application(s) to a more recent version of the HP Exstream platform. If necessary, please work with your HP Exstream Account Manager to ensure you have a solution plan in place before the obsolescence of Dialogue 4.0.

The complete HP Exstream version support and obsolescence policy can be found in the HP Exstream Support Guide located at www.hp.com/go/exstreamsupportresources.

If you have additional questions, please contact your HP Account Team or HP Exstream Support at exstreamca@hp.com, who will be pleased to assist you. Alternatively, please visit www.hpexstream.com for general product information.
