HP Photosmart Premium Fax All-in-One

Overview

The HP Photosmart Premium Fax All-in-One offers complete versatility for customers who need a machine that can do it all – print, copy, scan and fax. In addition to producing lab-quality photos, laser-quality documents and vivid color graphics with precise detail and stunning image clarity, this device also features a duplexing automatic document feeder so users can easily fax, copy and scan multiple page documents.

The HP Photosmart Premium Fax All-in-One enables customers to easily print whatever they want, from virtually anywhere[1] in the home. This printer provides freedom and flexibility to connect to a PC or notebook computer using multiple connectivity options including built-in Wi-Fi,[1] Bluetooth® and Ethernet port – and easy wireless set-up makes printing through a network more straightforward than ever. The HP Photosmart Premium Fax All-in-One is the industry's first available DLNA Certified printer, and allows users to connect, share and print wirelessly from PLAYSTATION3 (PS3)[2] and other devices.

With features such as memory cards slots, HP Auto Sense technology,[3] an auto-engaging photo tray and instant photo fix, the HP Photosmart Premium Fax All-in-One offers an easy and intuitive solution for printing lab-quality photos at home.

Key features and benefits

- Send and receive color or black-and-white faxes, with or without a PC.

- Fax, scan and copy up to 50 pages unattended, using the auto document feeder.

- Easily fax and copy two-sided documents using the duplexing automatic document feeder.

- Customize and organize CDs and DVDs[4] with photos, text and personalized labels.

- Quickly print fun and useful templates such as fax cover sheets, calendars, notebook paper and games including Sudoku, with the convenient Quick Forms button.

- Share and print from network-enabled notebooks and PCs using built-in wireless[1] and Ethernet.

- Easily print from Bluetooth-enabled wireless devices like cell phones and PDAs.

- Print lab-quality photos that last for generations[5] on HP Advanced Photo Paper.

- Print borderless 4 x 6-inch photos stored on an iPhone or iPod Touch using HP iPrint Photo, the first photo printing application of its kind[6] – available for free on the Apple App Store.

- Revolutionize sharing, sending and printing digital content in connected home
