Fact Sheet

HP Color LaserJet Pro MFP M176/M177 Series

Designed to support small businesses and home offices, the HP Color LaserJet Pro MFP M176/M177 series can help satisfy traditional multifunction printer needs while acting as a hub for an organization's document management[1].

Organizations can use the M176/M177 to produce professional quality documents and presentations at an affordable price. Additionally, the M177 allows users to connect with services like HP Flow CM, Google Docs or Box.net, whether they are uploading a scanned document or printing directly from the cloud. Business customers can further improve workflow processes with segment-leading technology like a 3" color touchscreen control panel[2] and wireless printing with HP ePrint[3], AirPrint and Wireless Direct[4].

With the HP Color LaserJet Pro MFP M176/M177 series, SMB customers are able to:

- Print, copy, scan and fax[5] from one easy-to-use device, eliminating the expense of multiple single-function devices
- Save time by accessing key business applications, such as HP Flow CM Professional[6] and other cloud-based services
- Enjoy the easy-to-use 3" touchscreen control panel
- Accelerate printing tasks with mobile printing capabilities including Wireless Direct, HP ePrint[7] and AirPrint
- Print at speeds of 14 color pages per minute and 17 black and white pages per minute (ppm)[8]
- Reduce energy use with Auto-On/Auto-Off Technology[9]
- Eliminate downtime and start right away with HP Smart Install[10]

Pricing and availability [11]
The HP LaserJet Pro M176/M177 series is available worldwide and pricing options range between $279 and $369.

(1) Document management capabilities only available on M177.
(2) Touchscreen control panel only available on M177.
(3) "Local printing requires mobile device and printer to be on the same network or have a direct wireless connection to printer. Wireless performance is dependent upon physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See www.hp.com/go/mobileprinting for more details."

(4) Requires an internet connection to the printer. Feature works with any connected Internet- and email-capable device. Requires HP Web Services Account Registration. Print times may vary. A list of supported documents and image types is available at http://www.hpconnected.com/ A list of additional solutions is available at http://www.hp.com/go/mobile-printing-solutions.

(5) Fax capability only available on M177.

(6) HP Flow CM Professional is available in US and Canada only and through select HP partners.

(7) "Local printing requires mobile device and printer to be on the same network or have a direct wireless connection to printer. Wireless performance is dependent upon physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area.   See www.hp.com/go/mobileprinting for more details."

(8) Printing speed measured using ISO/IEC 24734 and excludes first set of test documents. Additional information is available at hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver and document complexity. First page out exact speed varies depending on the system configuration, software program, document complexity, network, media width, media weight, environment and job size.

(9) HP Auto-On and Auto-Off Technology are subject to printer and settings. Instant-on Technology claim based on comparison with products that use traditional fusing.

(10)   HP Smart Install works with Microsoft Windows only.

(11)   Estimated U.S. street prices. Actual prices may vary.
