How to buy

Visit us online.

Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk.

US – www.hp.com/go/smbstore,

CA – www.hpshopping.ca

Order by phone.

A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293(US) or 1-877-231-4351(CA).

Contact Chat Team.

Chat Live online with a Pre-Sale Printing Sales Specialist. Go to

<http://www.hp.com/sbso/assist/chat.html>

Monday–Friday 8am to 8pm EST

Contact your reseller.

You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293(US), 1-877-231-4351(CA) for a sales contact near you.

Buy direct with reseller support – (US only).

HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector – (US only).

For HP Public Sector sales information, please call 1-800-727-2472.

Get more value from HP

And really get somewhere

HP helps you get more from technology—from the start and over time. You'll have easier connections to the expertise you need. Easier access to reliable products and solutions. And easier ways to own and use technology. Unhampered by technology complexity, you'll have the time and energy to keep your business humming. With HP, you get more, so you can do more every day.

Get more know-how, now

HP helps you make the right technology choices with easier connections to experienced and knowledgeable resources.

- **Live HP expertise.** Whether you have product questions before you buy or technical questions after, the answers are just a phone call or mouse click away. See the **HP Resource Directory** on the back cover of this guide for a list of HP telephone and web resources.
- **HP expertise centers.** Need help choosing solutions for your business or solving business problems? Access a variety of online tools, Live Chat capabilities, consultative services (phone or in-person) and educational resources. HP's Printing and Imaging Expertise Center points you in the right direction at www.hp.com/go/expertise.

Get more reliability, to do the job right

Backed by over two decades of experience, innovation, and research and development, the products in this guide offer HP's legendary performance and reliability.

- **World-class, affordable products.** From color and black-and-white printers and all-in-one products to document scanners to handheld devices and DVD writers, HP has the depth of selection you need to get the right products for your unique needs. Use this guide to help you narrow the choices, then browse the many additional products and features you'll find online at www.hp.com/go/smb (US) or www.hp.ca/smb (CA).
- **Wide array of solutions and technologies.** Whatever your business, HP technologies can help increase your productivity, lower costs and reduce risks. And HP solutions are designed to integrate easily and securely with your existing IT investments, so you can focus on the profit-making activities that move your business forward. For details, visit www.hp.com/go/solution.

Get more support, the smart way

HP helps you stay on top of your technology investment with a portfolio of service and support offerings that provide fast resolution should a problem ever occur.

- **HP Care Pack services.** Make the most of your equipment investments with these easy-to-buy, easy-to-use packages that minimize printer downtime. Contact your HP reseller partner, or visit www.hp.com/hps/carepack for details.
- **eSupport.** These easy-to-use web-based capabilities speed problem resolution, which translates into faster service and lower support costs. Visit the support and driver center online at www.hp.com/go/printersupport for details.

Get more information resources, for a smart buy

HP makes it easier for you to evaluate, acquire, manage and retire the HP solutions that support your business.

- **Help me choose a printer.** Use this online tool to find the model that best matches your usage needs or your feature specifications. Go to www.hp.com.
- **Printer replacement finder.** Select the models you currently own from this online list and you'll get the latest recommendations on replacement models that are just right for you. Go to www.hp.com/smb.
- **Hot deals and other special offers.** Save more on your technology purchases with specials from HP, including limited-time instant savings special offers on selected products. Visit www.hp.com/go/specials (US) or www.hp.ca/promotions (CA).
- **HP Smart Finance programs.** This suite of lifecycle financial programs can be tailored for your business needs. Visit www.hp.com/go/hpfinancialservices.
- **HP Trade-In program.** Trade any product, any brand and get paid the fair market value for your aging technology. To learn more, visit www.hp.com/go/tradein.

With HP, you'll have more time to get more done, so you can really get somewhere: ahead.

Award-winning performance from HP

Value. Performance. Versatility. HP offers all of this and more in its award-winning product line. It's this commitment to overall excellence that has always driven and defined HP. And it's this same commitment that has continually earned us awards throughout the industry. Like our renowned line of printers, winners of *PC Magazine* Readers' Choice Award for service and reliability for 14 years in a row. Of course, HP also makes it easy to own and use our award-winning line of products. With HP, you get more, so you can do more.

Put affordable HP color to work for you

The question for most businesses today is not whether to incorporate color, but when and how. Research shows that printing with color:

- Increases comprehension by up to 73%¹
- Raises readership by up to 40%²
- Accelerates learning by up to 78%³

When you add color to the functionality of your office printers, you can make big gains in effectiveness with relatively small increases in purchase and operating costs.

How much could your business save on marketing?

Printing in-house with HP color could help your business:

- Control marketing costs
- Take advantage of timely opportunities
- Decrease waste and storage by updating and printing only what you need
- Personalize materials for sophisticated one-on-one marketing

Use the free print-cost calculator to see how much money you could save by using in-house color printing, or get help creating your own marketing materials. Visit www.hp.com/go/DoItYourself2.

An HP All-in-One multi-tasks, just like you.

An All-in-One from HP is perfect for a small office or personal use. Most All-in-Ones combine color printing, scanning, faxing and copying into one compact design. They cost less than several standalone devices, take up less space and use less energy than separate units. They're also simple to install and connect to your PC or Mac, making them easy for anyone to set up.

HP All-in-Ones

Deskjet & Photosmart

HP Photosmart Premium Fax e-All-in-One

Rely on unmatched versatility at home—use a 50-page ADF to print, fax, scan and copy with ease, plus print your favorite photos and documents from anywhere, anytime using **HP ePrint**.

HP Photosmart e-Station e-All-in-One

Browse the Web and print wirelessly from anywhere around the home using **HP ePrint**—this full-featured eStation boasts a detachable color touchscreen for easy, mobile access to the Web.

HP Large-format Printers

Scitex

HP Scitex FB7500
Digital UV printer delivers a low cost per sheet and the highest productivity in its price class.

HP Scitex TJ8350
Up to 50% increased print speed from the TJ8300 and a lower cost per copy.

HP Scitex TJ8600
High-quality matte and gloss printing, with a high-speed, automated workflow to reach a wide range of indoor and outdoor applications.

HP Scitex XP2700
A 3.2 m wide-format UV printer that delivers superior image quality—up to 635 × 800 dpi—and production speeds up to 110 m²/hr (1,200 ft²/hr).

HP Scitex XP2750
The HP Scitex XP2750 Printer delivers superb print quality at production print speeds on both flexible and rigid media.

HP Indigo Digital Presses

HP Indigo Press ws4500

The HP Indigo press ws4500 offers a complete end-to-end solution—from pre-press to finishing. For runs up to 6,500 linear feet, the HP Indigo press ws4500 significantly lowers your production costs compared to label production using conventional printing.

HP Indigo WS6000 Digital Press

The HP Indigo WS6000 Digital Press is the most technically advanced roll-fed digital solution, targeting high-volume, medium-run labels and packaging mainstream production.

HP Indigo Press 3550 Digital Press

The HP Indigo 3550 Digital Press, designed to meet the challenges of today's demanding market, is an entry level digital press that doesn't compromise on print quality. Offering HP Indigo's exceptional reliability and versatility at a low initial investment, it is the ideal solution for launching digital production.

HP Indigo Press 5500

The HP Indigo press 5500 delivers unmatched quality, reaches higher levels of productivity, and achieves greater profitability—the keys to success in a digital world. Capable of printing over two million color pages or more than five million monochrome pages per month, the HP Indigo press 5500 is a truly universal production device.

HP Indigo Digital Presses

HP Indigo 7500 Digital Press

The HP Indigo 7500 Digital Press is the most flexible, technologically advanced high-volume sheetfed digital printing solution in the market. Intelligent automation breakthroughs in the press deliver unprecedented quality, productivity and ease of operation.

HP Indigo W7200 Digital Press

The dual-engine, continuous feed HP Indigo W7200 Digital Press is the premier digital solution for large volume, highly variable "every page is different" runs. It gives you high digital productivity and offset quality to grow your business with profitable applications.

HP Indigo WS6000p Digital Press

High-volume web-fed digital press production for focused publishing and photo applications that combines the quality and speed of offset with the intelligence of digital printing for longer job runs with optional in-line finishing.

HP Scanjet Scanners

HP Scanjet 1000

Scan documents virtually anywhere, using the HP compact, portable scanner.

HP Scanjet 3000

Scan one-and two-sided documents at fast speeds from your desktop. Ultrasonic double-feed detection and reliable paper handling help ensure you get high-quality, dependable document capture.

HP Scanjet G3110

Get great scans of just about anything from a flatbed scanner that makes archiving and editing easy.

HP Scanjet G4010

Scan photos with superior 6-color, 96-bit scanning, and slides and negatives with 4800 × 9600 dpi.

HP Scanjet G4050

Scan even more slides and negatives, plus get superior color accuracy with 6-color, 96-bit scanning.

HP Scanjet Scanners

HP Scanjet 5000

Quickly scan business documents using one-touch buttons, task shortcuts and easy-to-use software.

HP Scanjet 5590

Two-sided scanning with automatic document feeder and transparent materials adapter for scanning 35 mm slides.

HP Scanjet N6310

Quickly scan nearly anything and easily manage it using this flatbed scanner and included software.

HP Scanjet N6350

Easily share this scanner with your team using built-in Ethernet networking—no IT support needed.

HP Scanjet 7000

Efficiently manage a wide variety of documents with this reliable, high-performance scanner.

HP Scanjet Scanners

(7000n shown)

HP Scanjet 7000n Series
This shared document capture workstation provides reliable, high-performance scanning for a variety of business documents.

HP Scanjet 8270
Perform fast document scanning at up to 25 ppm—load up to 50 pages into the automatic document feeder for unattended scans.

HP Scanjet 8300
Scan documents, photos, film and a variety of materials with a versatile, professional scanner.

HP Scanjet 7500
Get impressive speeds up to 50 ppm/100 ipm. A 100-sheet automatic document feeder tackles paper sizes up to 34 inches long. Scan large layouts and bulky items with the legal-size flatbed.

Cut the cables—go wireless.

HP wireless print servers are an easy and cost-effective way for multiple users to share a printer. They can help home users or small businesses conveniently share a broad range of HP peripherals on a network. They offer easy installation, configuration and management of HP peripherals for simple connectivity.

HP MFP Digital Sending Software 4

Software that enables paper documents to be digitized.

Specifications

| | |
|--|---|
| Security | Support for Microsoft Windows, LDAP and Novell authentication. Encrypted device communication, SMTP over SSL |
| Digital Destinations | Network Folder, Email, LAN and Internet fax, Remote Printer, FTP Site and FileNet |
| Supported File Types | PDF (standard, compressed, AES-128 encrypted), TIFF, MTIFF, JPEG; OCR output types (searchable): PDF, PDF/A, XPS, RTF, TXT, HTML, XML, CSV |
| Advanced Functionality | Fleet Configuration of Digital Send and Security Settings, Customized Workflow Creation including metadata collection and validation; Central Address Book Management |

HP Universal Print Driver Series for Windows 5.0

Use a single driver for instant access to virtually any HP printer or MFP—at home, in the office or on the road.

Specifications

| | |
|--|---|
| Overview | New Plug-and-Play capability means HP devices are supported whether connected to the network or via USB. Simplified “Dynamic Mode” UI helps users print wherever they are and printing shortcuts set preferred printer settings for common tasks. When you are creating a printer path in HP Web Jetadmin, the HP Universal Print Driver is the default driver. |
| Compatibility | Supports Microsoft® Windows® 7, Vista, XP, 2003 and 2008 Server, Server 2008 R2; Microsoft® Windows® Terminal Services and Citrix Presentation Server Environments |
| Size | 18 MB |
| Estimated U.S. street price³ | Not applicable |

HP Web Jetadmin 10.2 – Device Management Software

Install, configure, troubleshoot and manage your networked printing and imaging fleet, including HP and select non-HP devices with powerful web-based device management software that’s fast, easy and reliable.

Specifications

| | |
|--|---|
| Compatibility | It’s easy to upgrade from HP Web Jetadmin 10.2 or 10.1. Administrator access and .NET / Window components are required. The Install Shield installer will check for .NET and Windows components and allow access if they are present. |
| System requirements | Server: 2.33 GHz dual core processor minimum (2.8 GHz dual core processor recommended); Client: 1.8 GHz processor minimum (2.4 GHz processor recommended); Server: 3 GB RAM minimum; Client: 1 GB minimum; 4 GB available disk space minimum recommended on server (will vary depending on data migrated from older Web Jetadmin and data storage needs required by device data collections); Server: .NET 3.5 SP 1; Client: .NET 2.0 SP 2; 1024 by 768 client display resolution (minimum) |
| NOS supported | Microsoft® Windows® XP Professional (with SP 2 and above), Windows Server 2003, Windows Vista Business Edition and Enterprise Edition. Print management features are supported with Microsoft® Windows® XP Professional (with SP 2 and above) and Windows Server 2003. HP Web Jetadmin now supports 32-bit and 64-bit versions of all supported Windows operating systems. |
| Supported web browsers | Microsoft® Internet Explorer 6.0 or above (client host requirement) |
| Peripherals supported | Web Jetadmin supports HP and non-HP devices connected through HP Jetdirect print servers and standard printer MIB compliant third-party network connected devices. |
| Protocols supported | IPv4 |
| Estimated U.S. street price³ | J6052AA: Free by downloading from www.hp.com/go/webjetadmin |

HP Supplies

There's no question—HP supplies drive the technology of HP printing. HP printers, print cartridges and paper are designed as a single printing system, precisely engineered for exceptional print quality, rock-solid reliability and fast, efficient operation—page after page.

Not all supplies are created equal. The crisp, vibrant printing by HP inkjet printers is the result of engineering advancements from the world's leading inventor of ink. And every HP LaserJet cartridge is specially designed and custom engineered to work flawlessly with HP LaserJet printers for clear, sharp output for the life of the cartridge. Every HP print cartridge goes through rigorous testing to ensure you get the quality HP printing you expect.

The only way to get HP-quality printing is to use genuine HP supplies. Consider the long-term value of your purchase decisions and count on genuine HP inks, toner and printing materials for unsurpassed reliability.

All of the HP supplies featured in this guide offer the assurance of HP quality and reliability, as well as complete compatibility with HP peripherals. The tables that follow make it easy to choose the right HP supply, whatever your needs.

HP SureSupply

HP SureSupply is a free, easy-to-use tool for smarter, simpler online print supply ordering. To learn more, visit www.hp.com/go/SureSupply (US) or www.hp.ca/suresupply (CA) for a demonstration of how it can work for you. And never run out of ink or toner again.

HPeCOSOLUTIONS

HP Planet Partners return and recycling program enables simple, convenient recycling of Original HP inkjet and LaserJet supplies and any brand of computer hardware. We ensure that your returned products are recycled properly, processing them to recover valuable plastics and metals for new products and diverting millions of tons of waste from landfills.

HP inkjet and LaserJet supplies recycling

It's easy and free. When your HP inkjet or LaserJet print cartridge is empty, return it for recycling by going to www.hp.com/recycle for free return and recycling options or by using the pre-addressed, postage-paid label found in all HP LaserJet print cartridge boxes.

The recycling process

What happens when you return an Original HP print cartridge or any brand of computing hardware for recycling? Our state-of-the-art recycling facilities process each return through a multi-phase recycling process. No HP print cartridges returned and recycled through HP Planet Partners are sent to landfill. Products are sorted and shredded, then separated into plastics and metals. Residual ink, foam or toner are also separated and disposed of in an environmentally responsible manner. Plastics and metals from recycled HP print cartridges have been used to make a range of everyday new products such as HP print cartridges, auto body parts, clothes hangers, fence posts, microchip processing trays, roof tiles, serving trays, shoe soles and spoons.

For more information about the HP Planet Partners program, please go to www.hp.com/recycle or call 1-800-340-2445 Monday through Saturday 6 am–9 pm and Sunday 7 am–5 pm mountain standard time.

HP inkjet and LaserJet print cartridge recycling facts

- The HP Planet Partners return and recycling program for HP printing supplies has been operating since 1991 and today extends to customers in more than 49 countries, regions and territories.
- Since 1991, more than 320 million HP LaserJet and HP inkjet print cartridges have been returned and recycled worldwide, representing a weight of nearly 390 million pounds.
- To date, HP has recycled 1.7 billion cumulative pounds of electronics and HP print cartridges, with a goal of doubling our annual recovery rate to reach two billion pounds by 2010.

HP Trade-In Program

Trade any product, any brand

The HP Trade-In Program is a simple, seamless way for HP customers to upgrade to HP products and get paid the current fair market value for their aging technology. Spanning every product category, the program has the added benefit of eliminating the hassles (and in most cases, the costs!) of old technology disposal by simplifying the shipping process.

Trade products in any of these categories:

- Desktops
- Notebooks
- PC servers
- Monitors
- Printers
- Plotters
- Copiers
- Digital cameras
- PDAs
- Projectors
- Networking
- Storage products
- Tablet PCs
- Workstations
- Servers

Additional features

Promotions. Beyond the ongoing program, we also offer enhanced, time-sensitive promotions as further incentive to upgrade to HP technology. Please visit www.hp.com/go/tradeinpromos.

Custom quote process. Because the HP Trade-In Program allows you to trade any quantity, we have created a custom quote process to help manage the trade-in process for our large corporate customers whose needs include quantities in excess of 50 units and extended rollouts that may span multiple locations. Learn more at www.hp.com/go/customtradein.

Business partner friendly

HP business partners can also leverage the program to help their customers upgrade to new HP products.

To learn more about this option, look for us in the programs section at: www.hp.com/partners/us.

HP Exchange/Sale Program: the Trade-In Program for public sector¹ – (FOR US ONLY)

Created specifically for federal, state, local or educational organizations that can't accept back-end rebates, this new program enables you to take advantage of market trade-in values while reducing the cost of new HP products. An alternative to the traditional Excess/Surplus methodology, the HP Exchange/Sale Program captures the highest fair market value available on trade-in and is entirely in compliance with the General Service Administration's (GSA) Federal Property Management regulations.

Learn more about the HP Trade-In Program on the web at: www.hp.com/go/tradein or call us at 1-888-593-3835.

Get more information about the HP Exchange/Sale Program at: www.hp.com/go/exchangesale or call us at 1-877-766-3050 ext. 366.

¹ Program not applicable in Canada.

Donate – (FOR US ONLY)

A new option for donating used IT assets.

- Online tool gives instant tax deduction value quotes
- Donated products are placed with deserving recipients
- Certain products categories apply

This program is made possible through a partnership with the National Cristina Foundation.

Learn more at www.hp.tradeups.com/hpdonations.asp

What's in a name?

To help make it easier for customers to select the HP product that best suits their needs, HP is changing its naming and model numbering system for imaging and printing products.

Taking a descriptive and straightforward approach to naming, the HP naming architecture follows a basic hierarchy that begins with the master brand, followed by a sub-brand or family name, model number, modifier and descriptor.

The model number

HP imaging and printing products now include one or two lead alphas in the model number. Although some lead alphas are abbreviations of product categories, most lead alphas have simply been assigned to a particular product category and sub-brand. The assigned numerals represent functionality, while trailing alphas in the model number indicate product features not found in the base model.

Examples:

- HP Deskjet F3180 Color All-in-One
- HP LaserJet M4025 Multifunction

| Master Brand | Sub-brand | Model Number | Modifier | Descriptor |
|--------------|-----------|--------------|----------|---------------|
| HP | Deskjet | F3180 | Color | All-in-One |
| HP | LaserJet | M4025 | | Multifunction |

HP IPG—Trailing alphas

| | | | |
|-----------|-----------------------------|------------|---|
| a | Warranty (for regional use) | r | Folder |
| b | Battery | s | Stacker |
| bm | Bookmaker | sk | Stapler and stacker |
| bt | Bluetooth | t | Extra tray |
| d | Duplex | tn | Tray and networking |
| dn | Duplex and network | wbt | Wireless and Bluetooth |
| dt | Duplex and extra tray | wf | Wi-Fi |
| f | Fax | y | Wildcard (for regional use) |
| h | Hard disk | x | Duplex, extra tray and network (formerly dtn) |
| i | Imaging (card slots) | xh | Duplex, extra tray, network and hard disk |
| m | Mailbox | xm | Duplex, extra tray, network and mailbox |
| n | Network | xs | Duplex, extra tray, network and stacker |
| nw | Wireless network | xsk | Duplex, extra tray, network and stapler/stacker |
| ps | Postscript | | |

How to buy

Visit us online

Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk.

www.hp.com/go/smbstore

Order by phone

A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293 (US) OR 1-877-231-4351 (CA)

Contact chat team

Chat Live online with a Pre-Sale Printing Sales Specialist.

Go to <http://www.hp.com/sbso/assist/chat.html>

Monday–Friday 8am to 8pm EST

Contact your reseller (US only)

You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

Buy direct with reseller support (US only)

HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector

For HP public sector sales information, please call 1-800-727-2472.
