HyperX Reveals Clutch Gladiate Wired Xbox Controller and Next Generation Haste 2 Gaming Mice at CES 2023

Expanded Gaming Gear Lineup Provides High-Quality Comfort, Performance and Control for all Gamers

LAS VEGAS (CES) – Jan. 4, 2023 – HyperX, the gaming peripherals team at HP Inc. and brand leader in gaming and esports, today expanded its award-winning lineup of products with the new HyperX Clutch Gladiate enhanced wired controller licensed for Xbox and next-generation HyperX Pulsefire Haste 2 gaming mice, available in wired and wireless versions. Designed for serious Xbox gamers, Clutch Gladiate is HyperX's first Xbox certified gaming controller delivering ultra-comfort and precise control for extended console gaming sessions, while the new series of Pulsefire Haste 2 mice bring new design features to one of HyperX's most popular gaming mice families.

"CES is the perfect venue for HyperX to highlight our commitment to providing high-performance gaming products for all gamers," said Daniel Kelley, global head of marketing, HyperX. "Whether you game on an Xbox controller or PC, HyperX is bringing the latest top-quality products for gamers to enjoy with immersive and engaging gaming along with wireless freedom, convenience, and customization."

Offering new levels of comfort, performance and control for all gamers, the new HyperX products will be showcased at CES 2023 during Pepcom Digital Experience and in the HyperX demo suite at the Venetian Hotel (Venetian Tower #29-111) from Jan. 4-6. More product details include:

HyperX Clutch Gladiate Enhanced Wired Controller for Xbox: HyperX Clutch Gladiate controller is built for Xbox players to help enhance their gaming experience and maximize performance. The officially licensed wired Xbox controller features dual trigger locks and remappable rear buttons to optimize control and adjust to different ways that various gamers play. In addition, powerful dual rumble motors add immersive and intuitive force feedback cues. Plus, with textured grips, Clutch Gladiate provides a comfortable, secure grasp of the controller and it also features a 3.5mm stereo jack to easily connect to a wired headset.

HyperX Pulsefire Haste 2 Wired Gaming Mouse: HyperX Pulsefire Haste 2 gaming mouse weighs in at 53g[1] and utilizes an ultra-lightweight shell design that offers quicker movements. This full-featured mouse provides up to 8000Hz polling rates and delivers quick and smooth cursor movements with a high precision HyperX 26K Sensor with native DPI settings up to 26K DPI. The mouse also utilizes the durable and responsive HyperX Switch, rated for 100 million clicks. Flexible HyperFlex 2 cables and virgin-grade PTFE skates work together to give gamers a smooth, easy glide. Pulsefire Haste 2 is also customizable with HyperX NGENUITY software and allows users to personalize DPI settings, RGB lighting[2], button assignments, sensor performance, and record macros. Pulsefire Haste 2 wired gaming mouse will be available in black and white colorways.

HyperX Pulsefire Haste 2 Wireless Gaming Mouse: Pulsefire Haste 2 wireless gaming mouse offers dual wireless connectivity with both Bluetooth®[3] wireless and 2.4GHz gaming-grade wireless technology. Weighing in at 62 grams[1], Pulsefire Haste 2 wireless mouse offers quicker movements and up to 100 hours of battery life on a single charge[4]. Pulsefire Haste 2 wireless delivers quick and smooth cursor movements with a high precision HyperX 26K Sensor with native DPI settings up to 26K DPI. The flexible HyperFlex 2 cables and virgin-grade PTFE skates work together to give gamers a smooth, easy glide. Pulsefire Haste 2 wireless is also customizable with HyperX NGENUITY software and allows users to personalize DPI settings, RGB lighting[2], button assignments, sensor performance, and record macros. Pulsefire Haste 2 wireless gaming mouse will be available in black or white colorways.

- HyperX Pulsefire Haste 2 Wired Gaming Mouse – Availability starts in April at $59.99 MSRP
- HyperX Pulsefire Haste 2 Wireless Gaming Mouse – Availability starts in April at $79.99 MSRP

Pricing from HyperX.com is subject to change without notice. Retailers' pricing may vary.

Due to the current COVID-19 situation, HyperX may experience some product and shipping delays. HyperX is taking every possible measure to work with partners to minimize the impact on its customers and ensure product availability and timely delivery.

<u>**HyperX Clutch Gladiate Enhanced Wired Controller for Xbox:**</u>
Part Number   6L366AA

Controller Specifications
Connection Type   Wired
Compatibility   Xbox Series X | S, Xbox One, PC
Inputs   USB-C, Mic (3.5mm stereo headset jack)
Outputs   Headphones (3.5mm stereo headset jack)

Physical Specifications
Length (metric)   155mm
Width (metric)   110.56mm
Height (metric)   64.68mm

Weight (metric)	280g[5]
Length (imperial)	6.10in
Width (imperial)	4.35in
Height (imperial)	2.54in
Weight (imperial)	0.61lbs[5]
Cable Type	Detachable USB-C to A Cable
Cable Length (imperial)	2.95m
Cable Length (metric)	9.76ft

HyperX Pulsefire Haste 2 Gaming Mouse:

Part Number	Black – 6N0A7AA
	White - 6N0A8AA

Mouse Specifications

Shape	Symmetrical
Sensor	HyperX 26K Sensor
Resolution	Up to 26000 DPI
DPI Presets	400 / 800 / 1600 / 3200 DPI
Speed	650 IPS
Acceleration	50G
Buttons	6
Left / Right Button Switches	HyperX Switch
Left / Right Button Durability	100 million clicks
Light Effects	Per-LED RGB lighting[2]
Onboard Memory	1 profile
Connection Type	USB-A 2.0
Polling Rate	Up to 8000Hz[6]
Skate Material	Virgin-grade PTFE

Physical Specifications

Length (metric)	124.3mm
Width (metric)	66.8mm
Height (metric)	38.2mm
Weight (metric, mouse only)	52g / 53g (Black/White)
Weight (metric, with cable)	75g / 76g (Black/White)
Cable Length (metric)	1.8m
Length (imperial)	4.89in
Width (imperial)	2.63in
Height (imperial)	1.50in
Weight (imperial, mouse only)	0.11lbs
Weight (imperial, with cable)	0.16lbs
Cable Length (imperial)	5.9 ft

Cable Type   HyperFlex 2

HyperX Pulsefire Haste 2 Wireless Gaming Mouse:

Part Number	Black – 6N0B0AA
	White - 6N0A9AA

Mouse Specifications

Shape	Symmetrical
Sensor	HyperX 26K Sensor
Resolution	Up to 26000 DPI
DPI Presets	400 / 800 / 1600 / 3200 DPI
Speed	650 IPS
Acceleration	50G
Buttons	6
Left / Right Button Switches	HyperX Switch
Left / Right Button Durability	100 million clicks
Light Effects	Per-LED RGB lighting[2]
Onboard Memory	1 profile
Connection Type	2.4GHz Wireless / Bluetooth 5.0 / Wired
Charging Type	USB-C 2.0
Polling Rate	Up to 1000Hz
Skate Material	Virgin-grade PTFE

Battery Specifications

Battery Type	370mAh Li-ion polymer battery
Battery Life	Up to 100 hours[4]

Physical Specifications

Length (metric)	124.3mm
Width (metric)	66.8mm
Height (metric)	38.2mm
Weight (mouse only)	60g / 61g (Black/White)
Weight (with cable)	83g / 84g (Black/White)
Cable Length (metric)	1.8m
Length (imperial)	4.89in
Width (imperial)	2.63in
Height (imperial)	1.50in
Weight (imperial, mouse only)	0.13lbs
Weight (imperial, with cable)	0.18lbs
Cable Length (imperial)	5.9ft
Cable Type	Detachable, HyperFlex 2 USB-C to USB-A Cable

[1]Weight of mouse only, not including charging cable.
[2]Per-LED RGB lighting customizable with HyperX NGENUITY software.
[3]Bluetooth® is a trademark owned by its proprietor and used by HP Inc. under license.
[4]Tested with lighting disabled, under continuous use.
[5]With cable weight.
[6]Default 1000Hz polling rate. Use onboard combination to switch to 8000Hz polling rate or configure with HyperX NGENUITY software.
