

Marc Olesen

Vice President, Software as a Service, Software and Solutions

Hewlett-Packard Company

Marc Olesen is the vice president of the Software as a Service (SaaS) organization at HP, a position to which he brings more than twenty years of professional experience in software and services.

Olesen's extensive background includes organizational leadership, service management, and application delivery.

Prior to joining HP, Olesen was the senior director of customer service for Qwest CyberSolutions (QCS), where he was responsible for global application management services. Preceding QCS, Olesen served as a high-tech consulting practice manager with BearingPoint. He has also held positions with Remedy Corporation and Oracle Corporation.

Olesen holds a master's degree in industrial engineering and a bachelor's degree in economics, both from Stanford University.
