TRAVEL LIGHT, STAY CONNECTED^(10a)

Whether computing within your home, around town and campus, or across the country, the ultra-portable HP Mini 110 can keep you connected with built-in Wi-Fi.^(10b) It has the performance you need to surf the web and use your standard productivity software apps -- but is light enough to carry everywhere at just 2.89 lbs. It syncs files, photos and videos easily with your primary notebook or desktop PC whenever connected to the same network with the integrated Syncables™ app. After initial Syncables™ setup, the file updates will occur in the background for a truly seamless experience. The HP Mini 110: The perfect mobile companion.

ULTRA MOBILE PERFORMANCE

Based on an architecture that optimizes internet access and basic communication, Intel® Atom processors power the HP Mini's reliable, energy-efficient performance. The LED anti-glare widescreen display reduces both system weight and reflections that can distract from the visual experience. The 92% of full-size keyboard also improves weight without sacrificing comfort. Integrated 802.11b/g wireless LAN enables wireless access within range of a hotspot.^(10a) The HP Mini 110 series: Designed to optimize ultra mobile performance.

SURF COMFORTABLY

You depend on internet access more than ever for e-mail, instant messaging, video chats, social networking, shopping, banking, research and so much more. The HP Mini 110 makes it easy to stay connected everywhere you go. The built-in HP Webcam and Skype keep you close to friends and relatives.⁽¹⁵⁾ Its near-full-size (92%) keyboard is more comfortable for most than the thumb keys on smartphones and PDAs. The 10.1" diagonal LED widescreen display provides an expansive viewing area compared to other mobile devices.⁽⁸⁾ The HP Mini helps keep you connected and productive at your convenience.

FUN ON THE RUN

Stream video or playback files loaded from your primary PC via Syncables™ software, a USB drive or the internet. Connect to a larger display via the VGA port to share with others. Let Pandora Internet Radio lead you to artists likely to become new favorites on your playlists. Use Snapfish to share photo albums online with family and friends and to create personalized cards, memory books, posters and more in a few simple steps. Enjoy casual gaming by Wild Tangent online or off. The HP Mini 110 keeps you entertained everywhere you go.
