

HP LaserJet P2050 Printer Series

Overview

Boost workgroup productivity while helping to conserve energy and reduce the environmental impact of printing with the HP LaserJet P2050 Printer Series. This fast and compact, networked,⁽¹⁾ black-and-white printing solution is designed for small work teams in enterprise and small and medium business environments. The device enables high productivity through easy supplies and device manageability with HP Web Jetadmin and HP Sure Supply, while producing professional quality at an affordable price. As part of the HP Eco Solutions program, the HP LaserJet P2050 Printer Series includes features such as Instant-on Technology,⁽²⁾ automatic duplexing and a complimentary toner cartridge recycling program, making it easy for businesses to make smart environmental choices.

As teams or companies grow, additional paper handling and memory accessories and high-capacity cartridges are available to support increased volumes of printing.

Key features and benefits

- Part of the [HP Eco Solutions](#) program and carries the [HP Eco Highlights label](#),⁽³⁾ which makes it easy to identify features that help reduce their environmental impact.
- Enjoy convenient and responsible toner cartridge recycling at no additional cost through [HP Planet Partners](#).
- ENERGY STAR® compliance, high-speed connectivity, automatic two-sided printing and a higher paper-input capacity let users get back to work as quickly as possible
- With print speeds of up to 35 pages per minute (ppm) and Instant-on Technology⁽²⁾ – which enables the printer to deliver the first page out as fast as eight seconds – workers can save time by completing jobs quickly
- Process complex documents quickly without sacrificing performance with a 600-MHz processor and up to 64 MB of memory
- Up to 1,200 x 1,200 dpi printing provides the highest text and image quality available
- A 2 x 16-inch LCD display enables better IT management and end-user usability while offering advanced security features
- Easily set default printer settings to save energy, paper and supplies, using the HP Eco Solutions Print Console located on the PC desktop
- Streamline business operations with easy print management tools, including [HP Web Jetadmin](#) software that brings together industry-leading printer and fleet management

capabilities

- Maintain printers more effectively and avoid unexpected downtime with HP SureSupply – intelligence built into the cartridges that enables usage tracking, provides alerts and consolidates order information across a fleet of printers for easy reordering⁽⁴⁾
