

RAMON VAN ZANTEN  
Business Unit Manager  
Division of Industry Standard Servers in the Multi-Country Area  
Organization

HEWLETT-PACKARD COMPANY

Ramon van Zanten is the business unit manager for the Division of Industry Standard Servers in HP's Multi-Country Area, reporting to the Enterprise Servers, Storage and Networking Manager for the same region.

In this role, van Zanten oversees the operation responsible for the Blade Infrastructure and Servers, Rack- and Tower-format Servers, and Infrastructure and Power products that serve a wide array of customers ranging from the largest of enterprises to very small companies.

Van Zanten has been with HP for the last 23 years, and has had responsibilities that include product and sales management for multiple product lines, coverage of vertical sectors (telecom; oil and gas), consulting and integration, as well as large-scale project management.

Van Zanten has a degree in Computer Science from the University of Oklahoma and a Master's in Business Administration from the Universidad Catolica Andres Bello (Venezuela).
